

Growth SOPs

Revital Productions — Growth SOPs

Internal Use Only | Updated June 2026

This document contains all Standard Operating Procedures for growing Revital Productions — from finding new leads to closing deals, running our own marketing, and building partnerships. Every team member involved in sales or marketing must follow these guidelines.

 The Growth space is how Revital Productions fills its own pipeline. Treat our own business with the same care and strategy we apply to our clients.

SOP Index

SOP	Owner	Frequency
 Lead Generation & Prospecting	Sales Lead	Weekly
 Cold Outreach	Sales Lead	Daily
 Sales Pipeline Management	Sales Lead	Daily
 Proposal & Quote Process	Sales Lead	Per opportunity
 Closing & Delivery Handoff	Sales Lead + Account Manager	Per new client
 Revital Social Media	Content Lead	Weekly
 Lead Magnet & Email Marketing	Marketing Lead	Monthly
 Partnership & Referral Management	Leadership	Monthly
 Pricing & Package Reviews	Leadership	Quarterly
 Change Order Process	Account Manager	Per request

Lead Generation & Prospecting SOP

Owner: Sales Lead
Trigger: Weekly — every Monday as part of pipeline review

Goal

Always maintain a minimum of **20 active leads** in the  Leads List at any time. If the list drops below 20, prospecting becomes the top priority for the week.

Lead Sources to Work Every Week

Source	How to Work It
LinkedIn	Search for business owners and marketing managers in target industries. Connect with a personalized note — no pitch on the first message
Instagram & TikTok	Find local and regional businesses with weak social presence or low engagement — they need us
Google Maps	Search target industries in target cities — businesses without websites or with poor reviews are warm prospects
Referrals	Ask every active client once per quarter if they know anyone who could benefit from our services
Networking Events	Collect business cards or LinkedIn connections at every event — add to the Leads List within 24 hours

Free Marketing Assessment	Anyone who requests a Free Marketing Assessment is a warm lead — follow up within 48 hours of their request
---------------------------	---

Steps

- 1. Identify Leads**
 - Research prospects using the sources above
 - Qualify each lead before adding — ask: Do they have a marketing budget? Do they have a digital presence to improve? Are they in a growth industry?
 - Disqualify leads that are too small, out of scope, or already working with a strong agency
- 2. Log in the Leads List**
 - Create a task in  Leads List in ClickUp
 - Fill in: Company Name, Contact Name, Industry, Lead Source, Social Media Handles, Website URL, Estimated Budget, and Notes
 - Set status to New Lead
- 3. Prioritize**
 - Tag each lead:  Hot (clear need, budget confirmed) /  Warm (potential, needs nurturing) /  Cold (long shot, low priority)
 - Work Hot leads first, Warm leads second, Cold leads only when pipeline is full
- 4. Weekly Prospecting Target**
 - Minimum 10 new leads added to the list per week
 - Minimum 5 outreach attempts per day (email, DM, or call)
 - Review and update all lead statuses every Monday morning

Cold Outreach SOP

Owner: Sales Lead
Trigger: Daily — after new leads are added to the Leads List

Golden Rules of Outreach

- **Never pitch on the first touch** — lead with value, not a sales ask

- **Personalize every message** — reference something specific about their business
- **Follow up at least 3 times** before marking a lead as unresponsive
- **Lead with the Free Marketing Assessment** — offer it as the opener on every first touch
- **Keep it short** — the goal of outreach is to start a conversation, not close a deal

What Is the Free Marketing Assessment?

The Free Marketing Assessment is a no-commitment offer we extend to prospects to evaluate their current marketing across key areas — social media presence, website performance, SEO, paid ads readiness, content strategy, and brand consistency. We deliver a short written summary of findings and recommendations. It positions Revital as experts, creates goodwill, and gives us a natural reason to follow up with a proposal.

Every team member doing outreach must be able to explain and offer the Free Marketing Assessment confidently. If a prospect asks what it involves, tell them: "We take a look at your current marketing across your social, website, and ads, and send you a quick breakdown of what's working, what's not, and what we'd recommend — completely free, no strings attached."

Outreach Sequence

Touch	Timing	Channel	Goal
Touch 1	Day 1	Email or DM	Introduce Revital, offer the Free Marketing Assessment
Touch 2	Day 4	Email or DM	Follow up — share a relevant case study or result
Touch 3	Day 8	Email or call	Final follow up — direct ask for a discovery call
Touch 4	Day 30	Email	Long-term nurture — check in, share a tip or resource

Steps

1. **Draft the Outreach**
 - Personalize the message using research from the Leads List task
 - Reference their specific business — mention their social media, website, or a recent post

- Lead with the Free Marketing Assessment offer — frame it as a gift, not a pitch
- Keep it under 5 sentences for DMs, under 150 words for emails

2. Send & Log

- Send the outreach via the chosen channel
- Log the outreach immediately in  Cold Outreach Tracker in ClickUp
- Record: Date Sent, Channel Used, Message Summary, and Response Status
- Set a follow-up due date on the task for the next touch

3. If They Accept the Free Marketing Assessment

- Confirm their business name, website, and social handles
- Conduct the assessment within 48 hours of their acceptance
- Deliver a written summary of 3-5 findings with clear recommendations
- Follow up with a discovery call offer within 24 hours of delivering the assessment
- Move to the  Sales Pipeline as a new **Assessment In Progress** opportunity

4. Handle Other Responses

- Respond to all replies within 24 hours — no exceptions
- If interested but not in the assessment → move to the  Sales Pipeline as a new opportunity
- If not interested → mark as **Closed Lost**, log the reason, and remove from active outreach
- If no response after Touch 3 → move to **Long-Term Nurture** and set a 30-day follow-up reminder

5. Weekly Outreach Review

- Every Friday, review the Cold Outreach Tracker
- Check response rates — if below 10%, adjust the messaging
- Track how many Free Marketing Assessments were completed this week
- Update all statuses and set follow-up tasks for next week

Sales Pipeline Management SOP

Owner: Sales Lead

Trigger: Daily check-in, full review every Monday

Pipeline Stages

Move every opportunity through these stages in the  Sales Pipeline list. Use Board View so the full pipeline is visible at a glance.

Stage	What It Means	Max Time in Stage
 New Lead	Identified but not yet contacted	3 days
 Outreach Sent	First contact made, awaiting response	14 days
 Assessment In Progress	Free Marketing Assessment accepted and underway	48 hours
 Discovery Call Scheduled	Call booked, not yet held	7 days
 Discovery Complete	Call held, qualifying information gathered	5 days
 Proposal Sent	Proposal delivered, awaiting decision	14 days
 Negotiation	Prospect is interested, finalizing terms	7 days
 Closed Won	Deal signed — hand off to Delivery	Same day
 Closed Lost	Did not close — log the reason	Same day

Steps

1. Daily Pipeline Check (every morning)

- Open  Sales Pipeline in ClickUp — Board View
- Check for any deals that have exceeded the Max Time in Stage
- Take immediate action on any stalled deals — follow up or move to Closed Lost
- Check the **Assessment In Progress** column — no assessment should sit longer than 48 hours
- Log any new conversations or updates in the task comments

2. Monday Full Pipeline Review

- Review every active deal — update stage, notes, and next action
- Identify deals at risk — flag to leadership any deal in Negotiation for more than 7 days
- Set follow-up tasks for the week on every active deal
- Check the Leads List — ensure the top of the pipeline is always full

3. Discovery Call Preparation

- Before every discovery call, review the prospect's website, social media, and any previous outreach notes

- If a Free Marketing Assessment was completed, use the findings as the foundation for the discovery call conversation
- Prepare 5 questions about their business goals, current marketing, budget, and timeline
- Have the Revital service packages and pricing ready to reference

4. **Post-Discovery Call**

- Log all information from the call in the deal task within 2 hours
 - Update the deal stage to **Discovery Complete**
 - Note: their budget, timeline, services of interest, pain points, and decision maker
 - Move to **Proposal Sent** stage within 48 hours of the discovery call
-

Proposal & Quote Process SOP

Owner: Sales Lead

Trigger: Discovery call is complete and prospect is qualified

Steps

1. **Pull the Proposal Template**

- Go to  Proposal Templates in the Pricing & Packages folder
- Select the template that matches the services discussed
- Customize it for the specific prospect — use their name, company, goals, and pain points from the discovery call notes

2. **Build the Proposal**

- Include: Executive Summary, Their Current Situation, Our Recommended Solution, Services Included, Deliverables & Timeline, Pricing, Terms, and Next Steps
- If a Free Marketing Assessment was completed, reference the findings in the Current Situation section — it makes the proposal feel personal and directly tied to their real issues
- Confirm pricing against  Service Packages — never quote outside approved pricing without leadership approval
- Have a second team member review the proposal before sending

3. **Send the Proposal**

- Send within 48 hours of the discovery call — speed signals professionalism
- Send via email with a personal note — do not just attach a PDF with no context
- Set a follow-up reminder for 3 days after sending if no response is received

- Log in  Proposals & Quotes in ClickUp — record the dollar value, services, and date sent

4. Follow Up

- Day 3: Follow up with a check-in — "Just wanted to make sure you received the proposal and see if you have any questions"
- Day 7: Second follow-up — offer to jump on a quick call to walk through any questions
- Day 14: Final follow-up — if no response, mark as **Closed Lost** and log the reason

5. Handle Objections

- Price objection → revisit the scope, not the rate — offer to reduce deliverables before reducing prices
- Timing objection → offer a future start date, keep the relationship warm
- Competitor objection → reinforce what makes Revital unique — our process, our results, and the Free Marketing Assessment that already proved our expertise

Closing & Delivery Handoff SOP

Owner: Sales Lead + Account Manager

Trigger: Prospect verbally agrees to move forward

Steps

1. Verbal Agreement

- Confirm the agreed services, price, and start date in writing via email immediately
- Move the deal to **Negotiation** in the Sales Pipeline
- Move the contract to  Contracts Pending Signature in ClickUp

2. Send the Contract

- Send the contract within 24 hours of verbal agreement
- Use the approved contract template from the Legal & Compliance folder
- Follow up every 48 hours until the contract is returned signed
- Never begin work before a signed contract is received

3. Process the First Payment

- Confirm the first invoice has been sent and payment received or scheduled
- Log in  Invoices & Payments in the Finance folder

4. Delivery Handoff

- Move the deal to  Closed Won in the Sales Pipeline

Create a handoff task in  Closed Won — Delivery Handoff with the following info:

- Client name and contact details
- Services contracted and start date
- Agreed deliverables and timeline
- Budget and billing schedule
- Free Marketing Assessment findings if completed — pass these directly to the delivery team so onboarding is informed by what was already discovered
- Any special notes from the sales process
- Tag the assigned Account Manager on the handoff task
- The Account Manager must acknowledge the handoff within 24 hours
- Update the deal in the CRM — set Onboarding Status to Onboarding
- Begin Client Onboarding SOP in the Operations SOPs doc

Revital Social Media SOP

Owner: Content Lead
Trigger: Weekly — content planned Monday, scheduled Tuesday

Goal

Revital Productions must show up consistently on social media as proof of our expertise. Prospects check our social before deciding to work with us. Our content should demonstrate results, showcase our process, and build trust.

Content Pillars for Revital's Own Social

Pillar	% of Content	Examples
 Results & Case Studies	30%	Before/after metrics, client wins, campaign results
 Education & Tips	25%	Marketing tips, platform updates, how-tos
 Behind the Scenes	20%	Team, process, day-in-the-life content
 Social Proof	15%	Client testimonials, reviews, partnership announcements

 Promotional	10%	Service announcements, Free Marketing Assessment CTAs
---	-----	---

Steps

- Monday — Plan the Week**
 - Open  Revital Social Media Calendar in ClickUp
 - Plan a minimum of 4 posts for the week across all active platforms
 - Assign each post a content pillar, platform, format (Reel, carousel, static, Story), and caption brief
 - At least one post per week should promote the Free Marketing Assessment offer
 - All posts must be approved by leadership before scheduling
- Tuesday — Create & Schedule**
 - Produce all content for the week
 - Schedule posts using the approved scheduling tool
 - Ensure all posts include a CTA — either to the Free Marketing Assessment, a discovery call, or the website
- Daily — Engage**
 - Respond to all comments and DMs within 4 hours during business hours
 - Like and comment on posts from prospects, partners, and industry accounts — stay visible
 - Share any client wins or relevant industry news to Stories
- Friday — Review**
 - Check performance of the week's posts
 - Note top-performing content in the  Marketing ROI Tracker
 - Log any leads or Free Marketing Assessment requests generated from social this week in the Leads List

Lead Magnet & Email Marketing SOP

Owner: Marketing Lead
Trigger: Monthly — review and update on the first Monday of each month

Lead Magnets

The **Free Marketing Assessment** is our primary lead magnet. Every piece of content, every outreach message, and every ad we run should have a path that leads prospects toward requesting one.

What the Free Marketing Assessment Covers

Area	What to Review
Social Media Presence	Profile completeness, posting consistency, engagement rate, content quality
Website Performance	Speed, mobile-friendliness, SEO basics, clear CTAs, lead capture
SEO	Google ranking for key terms, Google Business Profile, local visibility
Paid Ads Readiness	Do they have a pixel? Are they running ads? Are they set up correctly?
Content Strategy	Do they have a content strategy? Is messaging consistent across platforms?
Brand Consistency	Logo, colors, tone of voice — consistent across all channels?

Deliver findings in a short, easy-to-read document — 1 page max. Include 3-5 specific recommendations. End with a clear next step: "We'd love to show you how we can help you address these — can we set up a quick call?"

Steps — Managing Lead Magnets

1. Review 🎁 Lead Magnets & Freebies list in ClickUp monthly
2. Check how many Free Marketing Assessments were completed last month
3. Track the conversion rate — how many assessments turned into discovery calls, and how many became clients
4. Create at least one additional lead magnet per quarter — a free guide, checklist, or downloadable template
5. Promote the Free Marketing Assessment across all social platforms, email, and paid ads

Email Marketing

Monthly Email Campaign Steps

1. Plan (Week 1)

- Identify the email topic for the month — a tip, case study, industry update, or promotional offer
- Always include a CTA for the Free Marketing Assessment at the bottom of every email
- Create the email task in  Email Marketing Campaigns in ClickUp
- Write the email subject line (A/B test two versions), preview text, and body copy
- All email copy must be reviewed by leadership before sending

2. Build & Send (Week 2)

- Build the email in the approved email platform
- Test on mobile and desktop before sending
- Send to the full list or a segmented list based on the topic
- Log send date, subject line, list size, and target in ClickUp

3. Review Results (Week 3)

- Pull open rate, click rate, unsubscribes, and replies
 - Track how many Free Marketing Assessment requests came from the email
 - Log results in  Marketing ROI Tracker
 - Note what worked and apply to next month's email
-

Partnership & Referral Management SOP

Owner: Leadership

Trigger: Monthly review — first Monday of each month

Steps

1. Identify New Partners (Ongoing)

- Log all potential partners in the relevant list —  Agency Partners,  Vendor & Freelancer Network, or  Strategic Alliances
- Prioritize partners who serve the same target client but offer non-competing services

2. Outreach & Onboarding

- Reach out to potential partners with a clear value proposition — what's in it for them

- Offer a Free Marketing Assessment to their referrals as the entry point into our pipeline
- Agree on referral terms in writing before any referrals are exchanged
- Log the agreement in the  Legal & Compliance folder — NDAs & Agreements list

3. Monthly Partner Check-In

- Review  Partnerships & Referrals folder in ClickUp
- Check in with all active partners — email or call once a month
- Track referrals sent and received in  Referral Tracker
- Pay out any referral fees promptly — log in Contractor & Vendor Payments

4. Referral Program Management

- Review  Referral Program list monthly
 - Confirm all active referrers know the current incentive
 - Send a monthly update to referrers showing how their referrals are progressing
 - Thank every referrer personally when a referral converts to a client
-

Pricing & Package Review SOP

Owner: Leadership

Trigger: Quarterly — first Monday of January, April, July, and October

Steps

1. Review Current Packages

- Open  Service Packages in ClickUp
- Review each package — are the deliverables still accurate? Is the pricing still profitable?
- Check the  Competitor Pricing Research list — update with any new competitor intel

2. Analyze Profitability

- Pull the last quarter's revenue and time spent per service from Finance & Billing
- Calculate effective hourly rate per service — flag any service where the rate is below target
- Identify the most and least profitable services

3. Update Pricing If Needed

- If pricing changes are approved by leadership, update  Service Packages
- Log the change in  Pricing Change Log — record old rate, new rate, date, and reason
- Update all  Proposal Templates to reflect new pricing

- Notify the sales team of the change before they send any new proposals

4. **Communicate Changes**

- Existing clients on active contracts are not affected until renewal
- New proposals from the effective date use the new pricing
- Log the effective date in the Pricing Change Log

 Change Order Process SOP

Owner: Account Manager
Trigger: Any time a client requests work outside the original SOW — whether verbally, via email, text, or through the client portal

What Requires a Change Order

A Change Order is required any time a client asks for something that was not included in the original Statement of Work. Common triggers include:

Trigger	Example
Additional deliverables	"Can we add 5 more posts this month?"
Extra revision rounds	"I know we've done 2 rounds but can we do one more?"
New creative direction	"Actually let's scrap the concept and go a different way"
New service added	"Can you also run our email this month?"
Rush delivery	"We need this by tomorrow instead of Friday"
Platform not in SOW	"Can we also do LinkedIn this month?"
Scope grew mid-project	Website project requires more pages than originally agreed

 Never begin out-of-scope work based on a verbal request, a text message, or an email alone. A signed Change Order is always required first — no exceptions.

Steps

1. Identify the Scope Change

- When a client requests something outside the SOW, do not say yes or no immediately
- Acknowledge the request: "Great idea — let me put together a Change Order so we can get that moving for you"
- Never frame it as a problem — frame it as a simple next step

2. Assess the Impact

- Review the original SOW to confirm the request is outside the agreed scope
- Determine the additional time, cost, and any timeline impact
- Consult leadership if the request is significant or the fee is above \$500
- Reference 📦 Service Packages in ClickUp for standard pricing on add-ons

3. Prepare the Change Order

- Go to 📝 Pricing & Packages folder in ClickUp
- Duplicate the **Change Order Template**
- Rename it: (*Client Name — CO# — Description*) e.g. "Acme Wellness — CO1 — Additional Social Posts June"
- Fill in all fields:
 - Original SOW reference number
 - Reason for the change order
 - Original scope vs. new scope
 - Timeline impact (if any)
 - Additional fee and billing method
 - Delivery terms and revision rounds for any new deliverables
- Have leadership review before sending if the fee is above \$500

4. Send to Client

- Send the Change Order to the client via email within 24 hours of the request
- Include a brief personal note explaining what it covers and how to approve it
- Do not begin any work until the signed Change Order is returned

5. Follow Up

- If no response within 48 hours, follow up once
- If the client declines — acknowledge it, do not proceed with the work, and note it in the ClickUp task comments

- If the client approves — collect the signature and move to Step 6

6. Log & Execute

- File the signed Change Order in the client's 📁 Assets & Brand Files folder in ClickUp
- Update the client's Deal record in CRM — adjust the Revenue field if the CO adds to the monthly retainer
- Notify the Delivery Lead of the new scope and timeline
- Create the new deliverable task(s) in the client's 🚀 Active Projects & Tasks list
- Add the additional fee to the next invoice — log in 📄 Invoices & Payments
- Complete the Internal Log section at the bottom of the Change Order

Change Order Numbering

Use this format for all Change Orders:

RP-CO-[YEAR]-[CLIENT INITIALS]-[NUMBER]

Example: RP-CO-2026-AW-001 = First Change Order for Acme Wellness in 2026

Increment the number per client — each client has their own CO count starting at 001.

Rush Delivery Policy

If a client requests delivery in less than 48 hours, a rush fee applies:

- Under 48 hours notice: +25% of the deliverable cost
- Same-day delivery: +50% of the deliverable cost
- Rush fees must be included in the Change Order and approved before work begins

Communicating Change Orders to Clients

Use this language when presenting a Change Order — it keeps the tone positive and professional:

"Absolutely, we can make that happen! Since this falls outside what's included in your current plan, I'll send over a quick Change Order that covers the details and cost. Once you sign off we'll get it started right away."

Never use language that makes the client feel punished for asking. Frame every Change Order as a natural, easy step — not a roadblock.

Growth Reporting SOP

Owner: Leadership

Trigger: First Monday of every month

Monthly Growth Report Includes

Metric	Where to Pull It	Target
New Leads Added	 Leads List	40+ per month
Outreach Attempts	 Cold Outreach Tracker	100+ per month
Free Marketing Assessments Completed	 Cold Outreach Tracker	10+ per month
Assessment to Discovery Call Rate	 Sales Pipeline	Target 60%+
Discovery Calls Held	 Sales Pipeline	8+ per month
Proposals Sent	 Proposals & Quotes	5+ per month
Change Orders Issued	 Pricing & Packages folder	Track monthly
Change Order Approval Rate	Approved ÷ Issued	Track monthly
Deals Closed	CRM — Closed Won	Track monthly
Close Rate	Closed Won ÷ Proposals Sent	Target 40%+
New MRR Added	Finance — Revenue Tracker	Track monthly
Social Media Followers	 Revital Social Calendar	Track growth %
Website Traffic	 Website Analytics Tracker	Track growth %
Cost Per Lead	 Marketing ROI Tracker	Track monthly
Referrals Received	 Referral Tracker	Track monthly

Steps

1. Pull all metrics from their respective ClickUp lists and external platforms
2. Compare to last month and to quarterly targets
3. Identify the top 3 wins and top 3 areas to improve
4. Present to leadership in the monthly growth meeting
5. Log the report in  Leadership & Decision Log in the Operations space

6. Adjust strategy for the coming month based on results

Last updated: June 2026 | Owner: Revital Productions Leadership
