

Access & Login Log Template

Access & Login Log Template

Operations Space — Tools & Tech Stack | Internal Use Only

⚠ HOW TO USE: Copy the log entry below every time you need to document a new client platform or tool access. Paste it as a new page in this doc or as a new task description in the  Access & Logins Tracker list. **Never type passwords directly into ClickUp — store them in the approved password manager only.**

LOG ENTRY — [CLIENT NAME] | [PLATFORM NAME]

Copy everything below this line for each new entry

Client Information

- Client Name:
- Company:
- Primary Contact:
- Contact Email:
- Contact Phone:

Platform Details

- Platform / Tool Name:
- Platform URL:
- Account Type: (e.g. Business Manager / Ad Account / Google Analytics / CMS / Social Page / Email Platform)
- Account ID / Account Number:
- Username / Login Email:

Access & Credentials

- **Login Email:**
- **Password Location:** (e.g. LastPass vault — folder "Client Name" — entry "Platform Name")
- **Two-Factor Authentication (2FA) Enabled:** Yes / No
- **2FA Method:** (e.g. Google Authenticator app / SMS to number ending in XXXX / Email code)
- **2FA Device Owner:** (who controls the 2FA device — e.g. Client / Account Manager)
- **Backup Codes Saved:** Yes / No / N/A
- **Backup Codes Location:** (e.g. LastPass vault — same folder as password)

 Never paste actual passwords here. Always reference the password manager location only.

Internal Access — Who Has Access

Team Member	Role	Access Level	Date Granted	Date Removed

Access Level Details

- **Our Access Type:** (e.g. Admin / Editor / Manager / Collaborator / Viewer / Partner Access)
- **Can we grant sub-access to others?** Yes / No
- **Can we publish / run ads?** Yes / No
- **Can we manage billing on this account?** Yes / No
- **Are there any access restrictions?** Yes / No — (if yes, describe below)

Access Log History

- **Access First Requested:** (date)
- **Request Sent To:** (client contact name and email)
- **Access Confirmed Active:** (date)

- **Last Verified Working:** *(date — update every month)*
 - **Access Removed / Offboarded:** *(date — complete when client offboards)*
 - **Who Removed Access:** *(team member name)*
-

Notes & Flags

(Use this section for anything out of the ordinary — shared accounts, expiring access tokens, permission restrictions, billing contact issues, pending access requests, client policy notes, API keys, etc.)

Monthly Verification Checklist

Run this check on the first Monday of every month for all active clients:

- ☐ Log in confirmed working with current credentials
 - ☐ 2FA still accessible and functioning
 - ☐ Access level has not changed unexpectedly
 - ☐ No unauthorized users added to the account
 - ☐ Last Verified Working date updated above
-

 *Security Reminder: Never share login credentials via email, text message, or ClickUp comments. Always use the approved password manager. If you suspect credentials have been compromised, notify your manager immediately, remove access, and reset the password before re-logging.*

Example Completed Entry

Client Information

- **Client Name:** Acme Wellness
- **Company:** Acme Wellness LLC
- **Primary Contact:** Jane Smith
- **Contact Email:** jane@acmewellness.com
- **Contact Phone:** (504) 555-0192

- **Who Removed Access:** —

Notes & Flags

Client prefers all ad spend approvals come through her directly before any budget increases. Do not adjust spend without written approval from Jane.
