

Custom Field Options Reference

Custom Field Options Reference

Revital Productions — Tools & Tech Stack | Internal Use Only | Updated July 2026

PURPOSE: This document is the master reference for all custom field dropdown options, field configurations, and task naming conventions used across the Revital Productions ClickUp workspace. Use this when building new client delivery folders, adding fields to lists, or onboarding new team members.

HOW TO USE: When adding a custom field to a list, copy the options exactly as written here. When naming a task, use the naming convention in Section 23 for the relevant list. Consistency across all lists is critical so reporting, filtering, and dashboard widgets work correctly.

⚠️ **Three separate Status fields exist in this workspace** — Section 0 (Delivery Pipeline), Section 0A (Deal Pipeline, CRM → Deals), and Section 0B (Leads Pipeline, Growth → Leads List). They are completely independent. Never confuse them when building automations or dashboard widgets.

SECTION 0 — STATUS (DELIVERY PIPELINE)

Field Name: Status

Field Type: Status (ClickUp's native status field — not a custom dropdown)

Used on: All delivery lists — Campaign Briefs, Content Calendar, Active Projects & Tasks, Completed Work, Client Feedback & Revisions, Recurring Deliverables

Status Options

Status	Color	Who Sets It	What It Means
Brief Received	🟠 Orange	Account Manager	Brief submitted — production not yet started
In Production	🟡 Blue	Delivery Lead	Team is actively working on this deliverable
Internal Review	🟣 Purple	Delivery Lead	First draft complete — QC checklist being run
Client Review	🟡 Yellow	Account Manager	QC passed — sent to client — approval form required within 48 hours
Revision Requested	🔴 Red	Delivery Lead	Client feedback received — revision in progress
Approved	🟢 Green	Account Manager	Approval form received, logged in ClickUp — ready to publish
Published	🟢 Teal	Content Lead	Content is live — move to Completed Work after setting
Completed	⬛ Gray	Account Manager	Archived — filed in Completed Work

Content Pipeline Flow

Key Trigger Actions

Status Change	What It Triggers
→ Client Review	Automatic email notification to client + 48-hour approval clock starts
→ Revision Requested	Notifies Delivery Lead + Revision Round field increments by 1
→ Approved	Approval form must be logged in ClickUp before setting this status
→ Published	Move task to Completed Work list after setting
→ Completed	Archive the task — confirm File / Download Link is populated first

Status Rules

- **Never skip Internal Review** — every deliverable must pass the QC checklist before moving to Client Review
- **Never set Approved without a filed approval form**
- **Client Review triggers an automation** — make sure the client's email is on the task before setting this status
- **Revision Requested resets the 48-hour clock**

SECTION 0A — STATUS (DEAL PIPELINE)

Field Name: Status

Field Type: Status (*ClickUp's native status field — not a custom dropdown*)

Used on: CRM → Deals only

⚠ This is a **completely separate Status field** from Section 0. It lives only on the CRM → Deals list and tracks the sales pipeline, not content production. As of June 2026 this field replaced the old Deal Stage custom dropdown, which has been deleted from the workspace.

Status Options

Status	Color	Status Type	What It Means
Opportunity	● Purple	Open	New lead or prospect — not yet under contract
Contract Sent	● Blue	Active	Proposal/contract sent — awaiting signature
Closed Won	● Green	Done	Deal signed — client onboarding begins
Closed Lost	<i>(fixed platform color)</i>	Closed	Deal did not convert

Deal Pipeline Flow

Key Trigger Actions

Status	What to Do Next
New Lead Not Yet Contacted	Set Next Action = Send First Email, set Next Action Date
Contacted	Wait for response — set follow-up reminder using Next Action Date
Responded	Qualify the lead — schedule a discovery call
Qualified	Build and send proposal — move to Proposal Sent
Proposal Sent	Follow up at Day 3, Day 7, Day 14 per Automation Plan #8
Won	Create Deal in CRM → Deals — set status to Opportunity or Contract Sent
Lost	Log reason in Notes — set 90-day re-engagement reminder if appropriate
Not a Fit	Archive the task — no further action needed

-----------	-----------------------------	--

SECTION 9 — GO-LIVE DATE

Field Name: Go-Live Date

Field Type: Date

Used on: Content Calendar, Campaign Briefs, Active Projects & Tasks

 The Content Calendar shared view in the client portal is built on this field. If Go-Live Date is not filled in, the content will not appear on the calendar.

SECTION 10 — COMPLETED DATE

Field Name: Completed Date

Field Type: Date

Used on: Completed Work

The Completed Work shared view sorts by this field descending — newest work always at the top.

SECTION 11 — DATE UPLOADED

Field Name: Date Uploaded

Field Type: Date

Used on: Assets & Brand Files

The Assets & Brand Files shared view sorts by this field descending — newest assets always at the top.

SECTION 12 — UPLOADED BY

HOW TO ADD AN EXISTING FIELD TO A NEW LIST

1. Open the list in ClickUp
2. Click **+ Add field** → select **Existing field** *(not New field)*
3. Search for the field name exactly as written here
4. Select it — all options and colors load automatically

Always use **Existing field**. Creating a duplicate field breaks dashboard widgets, automation triggers, and reporting filters.

FIELD MAINTENANCE RULES

Rule	Standard
Adding a new option	Update this doc same day
Renaming an option	Update doc + bulk rename existing tasks
Deleting an option	Never delete — mark deprecated, stop using
Adding a new field	Add section to this doc before adding to ClickUp
Field audit	Review all fields quarterly
