

Client Ad Account Log Template

Client Ad Account Log Template

Operations Space — Tools & Tech Stack | Internal Use Only

 **HOW TO USE:** Copy the log entry below every time you onboard a new client with active ad accounts. Create one entry per client — logging all their ad platforms in one place. Paste it as a new page in this doc for each client. **Never type passwords or payment details directly into ClickUp — store them in the approved password manager only.**

AD ACCOUNT LOG — [CLIENT NAME]p\

Copy everything below this line for each new client

-

Flags & Important Notes

(Use this section for billing issues, account restrictions, spend escalations, policy violations, client-specific rules, or anything the team needs to know before touching this account)

Monthly Ad Account Verification Checklist

Run this on the first Monday of every month for all active clients:

- ☐ All ad accounts confirmed active and not restricted
 - ☐ Pixels and conversion tracking verified firing correctly
 - ☐ Monthly budget caps checked and still accurate
 - ☐ No unexpected charges or billing issues on any account
 - ☐ All team member access levels still correct
 - ☐ Spend pacing reviewed — on track for the month
 - ☐ Reporting dashboard updated and working
 - ☐ Last Account Review date updated above
-

 *Security Reminder: Never share ad account credentials, billing details, or payment methods via email, text, or ClickUp comments. Always use the approved password manager. If you notice unauthorized changes to an ad account, notify your manager immediately and document it in the Notes & Flags section.*

Example Completed Entry

- **Last Account Review:** June 1, 2026
- **Accounts Offboarded / Access Removed:** —
- **Who Removed Access:** —

Flags & Important Notes

Client requested we never pause campaigns on Fridays or weekends without her written approval — she monitors performance personally on weekends. All budget change requests must go through Jane only, not the operations team.
