

# Social Media Posting SOP

# Social Media Posting SOP

**Owner:** Content Lead

**Trigger:** Weekly, per the content calendar

## Key tools used in this SOP:

ClickUp —  Content Calendar,  Active Projects & Tasks, task comments

Revital Hub — Social Media Audit, Content Strategy Builder (Brand Identity + Platform Strategy)

 QC Checklist doc — QC pass must be confirmed before scheduling any content

 Client Communication Policy — Part B escalation protocol for PR issues

---

## Steps

### 1. Monday — Audit & Content Review

- Log in to the Hub at [hub.revitalproductions.com](https://hub.revitalproductions.com) using your @revitalproductions.com email
- Open the client's profile and check the **Social Media Audit** — review any incomplete checklist items that relate to this week's content (bio consistency, hashtag strategy, posting cadence, platform best practices)
- Review the content calendar in ClickUp for all posts due this week
- Confirm all content is in **Approved** status AND has a logged QC pass in the task comments before scheduling
- **Never schedule content that has not passed QC** — if content is in Approved status but has no QC log, run QC before scheduling

### 2. Tuesday — Scheduling

- Schedule all approved, QC-passed posts using the scheduling tool
- Reference the client's **Content Strategy Builder** → Platform Strategy section to confirm posting times, content types, and formats per platform
- Reference the client's intake form (Section 4, Q8) for their preferred posting frequency per platform
- Add UTM parameters to any links in posts

### 3. Throughout the Week — Monitoring

- Check each client's social accounts daily for comments, DMs, and mentions

- Respond to comments per the client's brand voice — reference the **Content Strategy Builder** → Brand Identity section for tone and language rules
- Flag any negative comments, complaints, or potential PR issues to the account manager immediately — reference the escalation protocol in **Client Communication Policy Part B**
- Never respond to PR-sensitive comments without account manager approval first

#### 4. Friday — Weekly Wrap

- Confirm all scheduled posts went live correctly across all platforms
- Screenshot any top-performing content and note in the task comments
- Log any platform errors, missed posts, or issues in the client's task comments in ClickUp
- Update any Social Media Audit checklist items in the Hub that were addressed this week
- Note any content ideas generated from this week's engagement for next week's planning

## Non-Negotiable Rules

| Rule                 | Standard                                                          |
|----------------------|-------------------------------------------------------------------|
| QC before scheduling | Never schedule without a confirmed QC pass logged in the task     |
| Approved status only | Never schedule content that is not in Approved status             |
| Hub reference        | Always reference Content Strategy Builder before scheduling       |
| PR issues            | Always escalate to account manager — never respond independently  |
| Portal only          | Client feedback on scheduled content must come through the portal |
