

Client Renewal Process

Client Renewal Process

Revital Productions — Internal Use Only | Updated June 2026

PURPOSE: This document defines the complete process for renewing client contracts at Revital Productions — from when to start the conversation, how to prepare, how to present the renewal, and how to handle every possible outcome. A proactive renewal process protects revenue, strengthens client relationships, and creates natural opportunities to upsell additional services.

KEY RULE: Never wait for a client to bring up their contract end date. Revital Productions owns the renewal conversation — we initiate it, we prepare for it, and we lead it with confidence.

SECTION 1 — RENEWAL TIMELINE & TRIGGER DATES

When to Start the Renewal Conversation

Contract Length	Start Renewal Conversation	Send Renewal Agreement	Follow-Up Deadline
Month-to-month	Ongoing — review quarterly	N/A — auto-renews	Review intent every 90 days
3-month contract	45 days before end date	30 days before end date	14 days before end date
6-month contract	60 days before end date	45 days before end date	21 days before end date
12-month contract	90 days before end date	60 days before end date	30 days before end date

⚠️ Never let a contract expire without a renewal conversation. If a contract expires without a signed renewal or offboarding agreement, services pause automatically until the situation is resolved.

How to Know When a Contract Is Coming Up

- Every active Deal in ClickUp CRM has an **End Date** field — this is your renewal trigger
- Run a **monthly CRM audit** on the first Monday of each month — pull all deals with End Dates within the next 90 days
- Add a reminder in the client's CRM Deal record 90 days before the end date — tag the account manager
- The monthly CRM Hygiene Checklist in the  **CRM Guidelines & SOPs** doc includes a renewal date check — use it

SECTION 2 — PRE-RENEWAL PREPARATION

Before initiating the renewal conversation, the account manager must complete a full renewal prep review. This takes 30-60 minutes per client and is the most important step — walking into a renewal conversation unprepared is the fastest way to lose a client.

Renewal Prep Checklist

Results Review

- ☐ Pull the client's last 3 monthly performance reports
- ☐ Identify the top 3 measurable wins since the engagement started
- ☐ Identify any months where performance was below target — prepare an honest explanation and what was done to address it
- ☐ Compare current results against the original KPIs from the client's intake form (Section 6, Q2)

- ☐ Calculate the overall ROI or value delivered — be specific with numbers

Hub Review

- ☐ Open the client's profile in the Hub at hub.revitalproductions.com
- ☐ Review the audit scores from onboarding vs. current — document the improvement
- ☐ Pull the original goals from the Content Strategy Builder — note which have been achieved and which are still in progress

Relationship Review

- ☐ Pull the client's CRM Deal record — review all Comments, Client Health history, and the Weekly Questionnaire logs
- ☐ Identify the overall satisfaction trend — have they been consistently Green, or have there been Yellow/Red periods?
- ☐ Review any past revision disputes, scope discussions, or difficult conversations — be prepared to address them if raised
- ☐ Identify the client's communication style and what matters most to them

Renewal Strategy

- ☐ Determine the renewal recommendation:
 - **Renew as-is** — same scope, same price
 - **Renew with upsell** — same scope + new service(s)
 - **Renew with scope adjustment** — modify services based on what's working
 - **Price increase** — if costs have risen or value delivered warrants it
 - **Do not renew** — if the client relationship has been consistently difficult or unprofitable
 - ☐ If recommending a price increase — prepare the justification (cost increases, additional value delivered, market rate comparison)
 - ☐ If recommending an upsell — identify which service(s) make the most strategic sense based on their goals and current gaps
 - ☐ Reference the client's **Competitor Analysis** in the Hub — are there new opportunities or threats worth discussing in the renewal conversation?
-

SECTION 3 — RENEWAL CONVERSATION GUIDE

Opening the Conversation

Never frame the renewal as an administrative task. Frame it as a strategic review and a forward-looking conversation.

What NOT to say:

"Your contract is expiring soon so we need to talk about renewing."

What TO say:

"We're coming up on [X months] together and I wanted to get some time with you to review what we've accomplished and talk about where we want to take things next. I have some exciting ideas I'd love to share."

Structure of the Renewal Conversation

Part 1 — Look Back (10-15 minutes)

- Share the top 3 wins since the engagement started — use specific numbers
- Present the Hub audit score improvements from onboarding to now
- Acknowledge any challenges honestly — what happened, what you learned, what changed
- Ask: *"Looking back, what are you most proud of from our work together?"*

Part 2 — Current State (5-10 minutes)

- Review what is currently working well
- Identify any gaps or areas where more could be done
- Ask: *"Is there anything you feel like we haven't tackled yet that you'd want to prioritize?"*

Part 3 — Look Ahead (10-15 minutes)

- Present your renewal recommendation — same scope, adjusted scope, or upsell
- Frame any upsell as a natural extension of what's already working: *"Based on the results we're seeing with [current service], I think now is the perfect time to add [new service] because..."*
- Present the renewal terms — price, scope, and timeline
- Ask: *"Does this feel like the right direction for where you want to take the business over the next [X months]?"*

Part 4 — Handle Objections (as needed)

- See Section 4 for specific scenarios and objection handling scripts

Renewal Conversation Rules

- **Never pressure** — a client who feels pressured will not renew and will not refer
 - **Always lead with value** — price comes after you've reminded them of the results
 - **Be honest about gaps** — clients respect honesty more than spin
 - **Listen more than you talk** — the renewal conversation should be 60% client, 40% you
 - **Have the Contract Renewal Agreement ready** — if the conversation goes well, send it the same day
-

SECTION 4 — RENEWAL SCENARIOS & HOW TO HANDLE EACH

Scenario 1 — Client Is Happy and Wants to Renew

Signs: Green Client Health for most of the engagement, positive feedback, engaged in the portal, responds quickly

Approach: Straightforward renewal with an upsell opportunity

Script:

"We're so glad the partnership has been going well — it's been a pleasure working with the [Company] team. We'd love to continue building on the momentum we have. Here's what we're proposing for the next [X months]..."

Action: Send the **Renewal Email #1** and the **Contract Renewal Agreement** within 24 hours of the conversation. Reference the Pricing & Packages folder for updated rates.

Scenario 2 — Client Is Happy But Budget Is Tight

Signs: Positive feedback but mentions budget in conversation, asks about reducing scope

Approach: Offer a scope-adjusted renewal that keeps them as a client at a lower investment

Script:

"I completely understand — let's find a way to make this work within your budget. What's most important to you for the next [X months]? If we had to prioritize two or three things, what would they be? Let me put together an adjusted proposal based on that."

Action: Prepare an adjusted scope proposal. Send the **Renewal Email #2 — Adjusted Scope**. Never reduce the price without reducing the scope — protect your margins.

Scenario 3 — Client Has Concerns About Results 📡

Signs: Yellow or Red Client Health in recent months, raised concerns in calls, lower engagement in the portal

Approach: Address concerns directly before presenting renewal — earn the renewal, don't assume it

Script:

"Before we talk about next steps, I want to make sure we address [specific concern] directly. Here's what we've seen, here's why we believe it happened, and here's what we've already changed. I want to make sure you feel confident in our direction before we talk about moving forward."

Action:

1. Do NOT send the renewal agreement in the same conversation as the concerns discussion
 2. Schedule a follow-up call 1 week later specifically for the renewal conversation
 3. In that week — make one or two quick wins visible to rebuild confidence
 4. Send the **Renewal Email #3 — Performance Follow-Up** after the concerns conversation
-

Scenario 4 — Client Wants to Pause, Not Cancel 🟡

Signs: Budget issue, seasonal business, internal change — not dissatisfied with the work

Approach: Offer a pause option to keep the relationship warm and the door open

Script:

"Totally understand — this sounds like a timing issue more than anything else. We'd love to hold your spot and pick things back up when the timing is right. We can put together a lightweight hold agreement so nothing falls through the cracks on either side."

Action:

1. Agree on a pause period — 30, 60, or 90 days maximum

2. Send the **Renewal Email #4 — Pause Option**
 3. Set a follow-up date in the CRM Deal record — tag account manager
 4. Update Deal Onboarding Status to **Inactive** temporarily
 5. Keep the client's Hub profile and ClickUp workspace intact during the pause
-

Scenario 5 — Client Wants to Cancel 🚪

Signs: Clear signals they won't renew — budget pulled, going in-house, switching to a competitor

Approach: Graceful exit — protect the relationship and ask for a referral and review

Script:

"We completely understand — thank you for being upfront with us. We're proud of what we built together and want to make sure the transition is smooth. Let's talk through the offboarding process and make sure you have everything you need."

Action:

1. Do not negotiate aggressively — it rarely works and damages the relationship
 2. Begin the 🚪 **Client Offboarding SOP** immediately
 3. Send the **Renewal Email #5 — Graceful Exit**
 4. Ask for a referral: *"If you know anyone who might benefit from what we do, we'd love an introduction."*
 5. Ask for a review within 7 days
 6. Tag for 90-day re-engagement follow-up in CRM
-

Scenario 6 — Price Increase Renewal 💰

Signs: Client has been profitable and happy — it's time to adjust pricing to market rate or reflect increased value

Approach: Lead with results first, then present the price adjustment as a reflection of the value delivered

Script:

"Before I share what we're proposing for next [term], I wanted to walk you through what we've accomplished together — [results]. Based on the value we've delivered and the work that goes into your account, we'll be adjusting the investment for the next term to \$[new amount]. This reflects [reason — cost increases /

expanded scope / market rate / the level of attention your account deserves]. I want to be transparent about this upfront."

Action:

1. Give at least **30 days notice** before a price increase takes effect
 2. Never increase price by more than 15-20% without leadership approval
 3. Have the updated **Contract Renewal Agreement** ready with new pricing
 4. Send the **Renewal Email #6 — Price Increase**
-

SECTION 5 — RENEWAL SOP — STEP BY STEP

Owner: Account Manager

Trigger: Contract end date is within 90 / 60 / 45 days (see Section 1 timeline)

Step 1 — Set the Renewal Reminder (Day 90/60/45 before end date)

- Open the client's CRM Deal record in ClickUp
- Add a task to the client's delivery folder in ClickUp: " *Renewal Review — [Client Name] — Due [date]*"
- Tag the account manager with the appropriate deadline based on contract length
- Note the renewal reminder in the CRM Deal record Comments: "*Renewal reminder set — [date] — [account manager name]*"

Step 2 — Complete the Pre-Renewal Prep (Week 1 of renewal window)

- Complete the full **Pre-Renewal Preparation Checklist** from Section 2
- Determine the renewal recommendation (renew as-is / upsell / adjusted scope / price increase / do not renew)
- Prepare the renewal presentation — results summary, wins, current state, and proposed next term
- If recommending an upsell — prepare the relevant proposal section from the Proposal Template in the Pricing & Packages folder
- Share the renewal recommendation with leadership before contacting the client — get sign-off on pricing and scope

Step 3 — Initiate the Renewal Conversation (Week 2 of renewal window)

- Send the **Renewal Email #1 — Renewal Kickoff** to open the conversation and schedule the renewal call
- Hold the renewal call using the **Renewal Conversation Guide** from Section 3
- Log the call summary in 📞 Client Strategy Meeting Notes in ClickUp within 2 hours
- Update the client's CRM Deal record — note the client's sentiment and likely outcome

Step 4 — Send the Renewal Agreement (Within 24-48 hours of the call)

- Based on the outcome of the renewal call, select the correct next step:
 - Client wants to renew → Send the **Contract Renewal Agreement** from the ⚖️ Contract Templates doc
 - Client has concerns → Send the **Renewal Email #3** and schedule a follow-up call
 - Client wants to pause → Send the **Renewal Email #4** and prepare a pause agreement
 - Client wants to cancel → Begin the 📋 **Client Offboarding SOP**
- Follow up every 48 hours until the renewal agreement is signed or a clear decision is made

Step 5 — Finalize the Renewal

- Receive the signed **Contract Renewal Agreement**
- Update the client's CRM Deal record:
 - New End Date
 - Updated Revenue (if pricing changed)
 - Onboarding Status: Active (if unchanged) or Onboarding (if new services added)
 - Billing field reset to the new cycle
- If new services were added — create new delivery folders in ClickUp for the new services
- If pricing changed — update the next invoice amount in 📄 Invoices & Payments
- Send a confirmation email to the client: *"We're so excited to continue working together — your signed agreement is on file and we're all set for [new term start date]."*
- Log renewal completion in the CRM Deal record Comments: *"Contract renewed — [date] — [new end date] — [new monthly amount]"*
- Update the 📁 Client Contracts Tracker in the Legal & Compliance folder

Step 6 — Post-Renewal Actions

- If an upsell was added → run the 🧡 **Client Onboarding SOP** for the new service only
 - If no changes → continue the existing workflow with no interruption
 - Schedule the next renewal reminder — repeat the cycle
-

SECTION 6 — RENEWAL EMAIL TEMPLATES

HOW TO USE: Copy the relevant email, personalize all fields marked with (), and send from your @revitalproductions.com email. Always include specific results and numbers — never send a generic renewal email.

Renewal Email #1 — Renewal Kickoff

When to use: First outreach to open the renewal conversation — sent 60-90 days before end date.

Subject: Let's talk about what's next — *(Company Name)*

Hi *(First Name)*,

I can't believe we're already coming up on *(X months)* together — time really does fly when things are going well!

Before your current contract wraps up on *(end date)*, I'd love to get some time together to review what we've accomplished and talk about where we want to take things next.

Here are a few highlights I'm excited to walk you through:

- *(Win 1 — specific with numbers, e.g. "Instagram followers grew from 800 to 4,200")*
- *(Win 2 — specific with numbers)*
- *(Win 3 — specific with numbers)*

I also have some ideas for what we could do in the next *(X months)* that I think you're going to love.

Would *(day/date)* work for a quick call? Happy to work around your schedule — just reply and we'll get something on the calendar.

Renewal Email #2 — Adjusted Scope Proposal

When to use: Client wants to renew but needs to reduce budget or scope.

Subject: Updated proposal for *(Company Name)* — *(Month Year)*

Hi *(First Name)*,

Thank you for being open with me about your budget — I really appreciate it and I want to make sure we find a way to keep the momentum going.

Based on what you shared, I've put together an adjusted proposal that focuses on *(the highest-impact services)* and keeps the investment within your current budget.

What we're proposing:

- *(Service 1) — (brief description)*
- *(Service 2) — (brief description)*
- **New Monthly Investment:** \$()

This adjusted scope still covers *(core priority)* and *(core priority)* — the areas where we've seen the strongest results for you.

I've attached the updated Contract Renewal Agreement. If this looks good, just sign and we'll keep the train moving without any gaps.

Any questions, just give me a call — happy to walk through it together.

Renewal Email #3 — Performance Follow-Up

When to use: After a difficult renewal conversation where the client raised performance concerns. Sent before the formal renewal proposal.

Subject: Following up on our conversation — *(Company Name)*

Hi *(First Name)*,

Thank you for being candid with me during our call — I genuinely appreciate the honesty and I want you to know we take your feedback seriously.

Here's what we've already done since our conversation:

- *(Action 1 — specific)*
- *(Action 2 — specific)*
- *(Action 3 — specific)*

And here's what we're committing to for the next *(30 / 60)* days:

- *(Commitment 1 — measurable)*
- *(Commitment 2 — measurable)*

I'd love to schedule a quick follow-up call in *(X weeks)* to review progress and talk about next steps for the renewal. Would *(day/date)* work?

We're committed to earning your continued trust — and I'm confident in what we can build together from here.

Renewal Email #4 — Pause Option

When to use: Client wants to pause services temporarily rather than cancel.

Subject: Pausing your account — *(Company Name)*

Hi *(First Name)*,

Completely understand — and we appreciate you keeping us in the loop rather than just disappearing. That means a lot.

Here's what we're proposing for the pause:

- **Pause Start Date:** *(date)*

- **Estimated Resume Date:** *(date)*
- **What's included during the pause:** *(e.g. we'll keep your portal and workspace intact / monthly check-in / etc.)*
- **What's paused:** All active deliverables and billing

We'll keep your Hub profile, content calendar, and ClickUp workspace exactly as they are so we can hit the ground running when you're ready to resume.

I'll reach out on *(resume date)* to check in and we can go from there. In the meantime, feel free to reach out anytime — we're here.

Looking forward to picking things back up soon!

Renewal Email #5 — Graceful Exit

When to use: Client has decided not to renew. Sent after confirming the decision.

Subject: Thank you, *(First Name)* — next steps for *(Company Name)*

Hi *(First Name)*,

Thank you for letting us know and for the time we've had to work together. It's genuinely been a pleasure and we're proud of what we accomplished for *(Company Name)*.

Here's what happens next:

- Our team will complete all in-flight deliverables by *(date)*
- We'll transfer all platform access back to you by *(date)*
- Your final performance report will be delivered by *(date)*
- Your final invoice covers services through *(date)*

If there's anything specific you need from us during the transition, please don't hesitate to ask — we want to make this as smooth as possible for you.

One small request — if you've been happy with our work, a quick Google or LinkedIn review would mean the world to our team. It only takes a couple of minutes: *(review link)*

And if you ever want to pick things back up down the road, or if you know anyone who could benefit from what we do, we'd love to hear from you.

Wishing you and the whole *(Company Name)* team nothing but success. 🚀

Renewal Email #6 — Price Increase

When to use: Renewing a happy client with a price adjustment. Sent as part of the renewal proposal.

Subject: Your renewal proposal — *(Company Name)*

Hi *(First Name)*,

Before I share what we're proposing for the next *(X months)*, I just want to take a moment to reflect on what we've built together:

- *(Win 1 — specific numbers)*
- *(Win 2 — specific numbers)*
- *(Win 3 — specific numbers)*

We're really proud of those results and we're excited about what's ahead.

For the next term, we're proposing the following:

Services: *(same as current / updated scope)*

New Monthly Investment: \$() *(previously \$[])*

New Term: *(start date)* to *(end date)*

The adjustment reflects *(reason — e.g. the level of attention your account requires / market rate for these services / expanded deliverables / our growing team and infrastructure)*. We want to be fully transparent about this and give you plenty of notice so there are no surprises.

I've attached the updated Contract Renewal Agreement. If you have any questions about the new rate or the scope, I'm happy to jump on a quick call and walk through it together.

We genuinely value this partnership and look forward to everything we're going to accomplish in the next *(X months)*.

-

SECTION 8 — HOW TO TRACK RENEWALS IN CLICKUP

CRM Deal Record Fields to Keep Current

Field	When to Update
End Date	Set at contract signing — never leave blank
Start Date	Set at contract signing
Onboarding Status	Update if new services added at renewal
Revenue	Update if pricing changes at renewal
Billing	Reset to new cycle at renewal
Client Health	Review and update at every renewal conversation

Comments	Log every renewal touchpoint with date
----------	--

Renewal Task Template

Create this task in the client's delivery folder at the start of every renewal window:

Task Name:  Renewal — [Client Name] — [Contract End Date]

Status: In Progress

Due Date: [30 days before contract end date]

Assignee: [Account Manager]

Priority: High

Description:

Contract End Date: [date]

Renewal Window Opened: [date]

Renewal Recommendation: [renew as-is / upsell / adjust / price increase / do not renew]

Prep Completed: Yes / No

Renewal Call Date: [date]

Client Sentiment: [positive / neutral / concerned / likely to cancel]

Outcome: [pending / renewed / adjusted / paused / cancelled]

Renewal Agreement Sent: [date]

Renewal Agreement Signed: [date]

New End Date: [date]

New Monthly Amount: \$[amount]

Monthly CRM Renewal Audit

Add this to your first Monday of the month routine:

1. Open the CRM Deals list in ClickUp
2. Filter by End Date — show all deals ending in the next 90 days
3. For each deal found:
 - Confirm a renewal reminder task exists in the client's delivery folder
 - Confirm the account manager is tagged
 - Check if the renewal conversation has been initiated
4. Log the audit in the  Leadership & Decision Log in the Operations Meeting Notes folder
